Most of Nation Feels Chill of Cold Weather

By The Associated Press

Arkansas suffered its first killing frost of the season last night and an agricultural expert said it probably damaged some late maturing crops.

The temperature sagged to freezing and below across the state with Gilbert in Searcy County registering 18 degrees below the state's coldest.

Agricultural Statistician Miles McPeak said his Little Rock office had no figures immediately on the crop loss as the result of frost but he added:

"I assume there would be some loss to late maturing rice, sorghum, soybeans and corn."

A warming trend was forecast for Arkansas, beginning today in the western half of the state.

A late October cool spell chilled most all sections of the country today.

Snow accompanied the colder air as it moved into the North eastern part of the nation.

Temperatures were in the 30-40 degree range in wide areas of the country. Exceptions were most sections of Arizona, California and parts of Florida.

Chillier weather spread into the middle and lower Mississippi Valley and pastward to the Atlantic Coast. Temperatures were mostly in the low 30s, and below freezing in some areas. It was a nippy 28 at Aniston, Ala.

Florida also cooled, with readings 10 degrees or more lower than 24 hours earlier.

Although skies cleared and most of the snow in the north central region melted, cool weather continued. There was a little warming, however, in parts of the Northern and Central Plains and in the upper Mississippi Valley with readings mostly in the 30s.

Snow flurries fell in the lower Great Lakes region and along the Eastern Seaboard from Maine to Virginia. Snowfall amounts were generally light in the Northeastern area but more than a foot of snow fell in the Cleveland area yesterday. Fairly heavy falls also were reported in parts of western New York and western Pennsylvania.

The only other wet spots were in the Northern and Central Rockies which reported generally light falls of rain and snow.

Snow flurries and showers were expected to continue during the day in the New England states southward to Virginia. Fair and cool was the forecast in the Southeast.

Mostly fair and warmer was the outlook in the Southern and Central Plains and eastward through the Ohio Valley.

Bus Takes to Ditch to Avoid Headon Crash

A Midwest Trailways bus took to the ditch to avoid hitting a loose truck Saturday night on Highway 7, east of Hope, and several of the passengers were shaken up and one hospitalized here.

Mrs. Ethel Deaton of Texarkana, a passenger, was taken to a local hospital for treatment. She is not considered critically injured. Some of the more than 18 passengers were bruised and shaken up according to investigating State Police man Travis Ward.

Officers said the air brakes on a truck parked at Perry's place gave way and the vehicle had rolled across the highway. The bus driver, H. C. Hanson, took to the ditch to avoid a collision, officers said.

Other Wrecks

At least four weekend accidents were investigated here by City Police. Saturday at 8th and Hervey heavy damage resulted when cars driven by James L. Torgue and Robert Verhalen collided. Police charged Verhalen with speeding and Torgue with failure to yield the right-of-way.

Also Saturday on S. Shover vehicle driven by Willie Gamble and J. T. Bradford collided with heavy damage to both cars. Officers charged Gamble with driving while intoxicated.

Friday downtown on Main Street driven by J. J. Schmitt and Mildred Fagan collided with heavy damage resulting to the Fagan car. City Officers charged Schmitt with failure to yield the right-of-way.

Early Monday on Main Street cars driven by Agnes Paris and Robert S. Baker collided with very light damage resulting. City Police said.

Key Man in Sears Inquiry Faces Probers

By JOHN CHADWICK

WASHINGTON (AP) — One of the key men who helped Sears, Roebuck & Co. resist a 1953 unionizing drive faces senatorial questioning today about the tactics used.

The special Senate committee investigating improper labor-management activities summoned James T. Guffey, one of the Northern W. Shefferman representatives assigned to assist Sears in combating efforts of the Retail Clerks Union to organize its Boston area stores.

Shefferman, a Chicago labor relations consultant, heads a firm known as Labor Relations Associates. He has been described by committee counsel Robert F. Kennedy as a "specialist in 'union busting'."

A top Sears executive, W. W. Tudor, vice president in charge of personnel and employee relations, testified last Friday that mistakes he described as "inexcusable and disgraceful" were made in defeating the organization efforts of the Retail Clerks in the Boston area.

He blamed them on Shefferman's firms and "several personnel" of the big mail-order company, and told the senators that "a repetition of these mistakes will not be tolerated by this company."

Tudor described the tactics employed as "glaring exceptions" to Sears' overall handling of its relations with its 205,000 employees.

Russia's Satellite Spins Silently

By RICHARD WESLEY

WASHINGTON (AP) — Russia's pioneer earth satellite spun silently in space today as world scientists redoubled efforts to track the orbiting sphere by visual and other means.

Radio Moscow announced meanwhile that still another satellite — this one carrying a space traveling dog named Kudryavka — will be launched into its 18,000-m.p.h. orbit around the world.

Soviet scientists confirmed that the satellite's batteries finally had failed, and asked scientists of other nations to aid in tracking the now voiceless sphere.

This Cat Picks Up Bad Habits

CHICAGO, (UP) — Mrs. Rita Carmine wasn't too upset when her cat wouldn't drink milk, even though most cats do. Now she is worried. The cat has started to chew tobacco it tears from cigarettes.

Sure Men Like Blondes But the Ladies Don't

By HAL BOYLE

NEW YORK (AP) — Things a columnist might never know if he didn't read his mail.

That gentlemen may prefer blondes, but the ladies themselves don't. In a world survey William Gladwin, president of Holene Curtis, found that Chestnut brown is the most popular hair shade, and nine out of ten women who dye their tresses, dye them brown.

That the shock from an electric set is strong enough to fell a horse.

That a doctor recently suggested people with head colds wear a red ribbon on their sleeves to warn others away from them.

Pro-West Turk Leader Captures Another Term

By WEBB MCKINLEY

ISTANBUL, Turkey (AP) — Adnan Menderes won a new term as Turkey's prime minister today while this pro-Western nation faced its gravest foreign crisis since World War II.

Official returns from yesterday's parliamentary election gave Menderes' Democrat party 397 seats in the National Assembly. The People's Republican party, led by former President Ismet Inonu, won 178 and the small Freedom and Nation parties four each.

Twenty-seven contests still were undecided.

The government did not release any nationwide voting figures, but it appeared the Democrats got slightly less than 50 percent of the total vote of about 10 million.

When the fourth postwar Parliament convened Nov. 1 Menderes will have a reduced but still firm majority in the 610-member Assembly. In the last elections, three years ago, the Democrats won 88 of 342 seats, although defections later cut the government total to 450.

The only effect the election was expected to have on the Turkish-Syrian border crisis was to give Turkish leaders more time to deal with it. Since the campaigning began, the Turks have paid little heed to the Syrian charges of Turkish plans to attack and Soviet threats to intervene if fighting broke out.

Turkey denied the charges and said troop reinforcements along the Syrian border were there on defensive maneuvers. Foreign journalists visiting the border area found the army in defensive positions placed well back of the actual demarcation line.

Campaigning politicians hardly mentioned the grave foreign crisis. Both major parties support Turkey's alliances with NATO and the Baghdad Pact.

Anastasia to Be Buried at New York

NEW YORK (AP) — Albert Anastasia, the cold-blooded executioner of Murder, Inc., will be buried today in a Brooklyn cemetery.

Although he was a Roman Catholic, he was said for him and he will not be interred in consecrated ground.

As the 55-year-old hoodlum is put to rest in Greenwood Cemetery, police continue their search for the two gunmen who shot Anastasia dead as he sat in a hotel barbershop chair here Friday.

Yesterday Anthony Coppola, Anastasia's paunchy chauffeur-bodyguard, was held in \$50,000 bail on a vagrancy charge.

Police described him as uncooperative. They are trying to find out why he was not with Anastasia when the mobster was killed.

Coppola, 49, was told of his boss' death Friday at Coppola's home in Fairview, N. J. He has given conflicting stories on where he was that morning.

The erstwhile bodyguard was charged specifically with "having no visible means of support" and "being given several conflicting answers to the location of his legal residence and who states he maintains himself partially from proceeds of successful bets and wagers on horse races."

A public information officer at the Arkansas Military District said he knew nothing of the report.

Last week the Army released about 6,500 of the Arkansas's guardsmen it had federalized to aid paratroopers in protecting nine Negro students in their attendance at the 2,000-pupil Central High. Some 1,800 guardsmen still are in federal service.

Syria, Russia Sign Economic Agreement

DAMASCUS, Syria (AP) — Syria and the Soviet Union today signed an economic agreement providing for extensive development projects with Russian machinery, equipment and technical assistance.

Sources said the Soviets would supply 100 million dollars worth of materials, equipment and assistance for the building of dams, highways, railroads and irrigation projects.

Syria is to pay the money back over a 12-year period at 2 1/2 percent interest.

In the continuing Syrian-Turkish tension a Syrian announcement said that 30 Turkish soldiers crossed the frontier Friday and moved 200 yards into Syria in the village of Garkes.

Jordan yesterday declared its entire border with Syria a closed and restricted area. The military governor of the Ajlun district said the step was taken in the interests of public security on the Jordan-Syrian border.

Bulletin

NEW YORK (UP) — Copper shares advanced fractions to more than 2 points in an otherwise lower stock market today.

That group was helped by reports that copper demands are picking up. Kennecott rose more 2 points. Gains of more than a point appeared in Anaconda, Copper Range, Inspiration Copper and Phelps Dodge.

WASHINGTON (AP) — The Supreme Court today rejected a new bid for freedom by Morton Sobell, convicted of atomic espionage with Ethel and Julius Rosenberg.

Sobell, sentenced to 30 years' imprisonment, is serving his eighth year in Alcatraz Penitentiary. The Rosenbergs were executed in June, 1953.

Escapee Gives Up Weekly in Idaho

LAVA HOT SPRINGS, Idaho (AP) — A saint-or-sinner convict who spread a trail of terror across two states slept peacefully in a jail cell today after his month-long, long-distance telephone call convinced him to surrender.

Willard Arthur Brown, 23, gave up to police without resistance yesterday after told to do so by his mother, Mrs. Dorothy Wilczek, from Jamestown, N. Y.

But before giving up, Brown had held seven persons, including a woman and three children, as hostages. He had escaped from the Montana State Prison at Deer Lodge Saturday in a state car after getting outside on a ruse.

Mrs. Wilczek pictured her son by a former marriage as a gentle and homesome man who escaped from prison so he could be with her. A man in a ranchhouse where Brown holed up called him a "good boy" and asked assurances from officers that Brown wouldn't be molested.

But a woman kidnaped at gunpoint by Brown said he raped her. A Canadian, abducted by Brown said he robbed them and threatened to kill them and swore he wouldn't be taken alive.

Brown's surrender at the isolated ranchhouse two miles west of this sulphur water spa ended a full-scale manhunt that centered in Idaho but involved officers in Utah, Montana and Wyoming.

Surrounded by police, Brown released three children whose ages ranged from 1 to 7 and then asked permission to call his mother. Police agreed. Mrs. Wilczek told Brown to give up and he said "Okay, mother, I'll do it for you."

Brown walked out into the light, grizzled, put his 30-30 rifle down on the muddy ground, and surrendered.

He was taken 36 miles northwest to the Bannock County Jail in Pocatello, where police pondered to drive him to jail and then asked permission to call his mother. Police agreed. Mrs. Wilczek told Brown to give up and he said "Okay, mother, I'll do it for you."

No Troops as Negroes Go Into School

LITTLE ROCK (UP) — Nine Negro students began their sixth week of integrated classes at Little Rock Central High today as 101st paratroopers prepared for winter service.

The students arrived in three private automobiles and walked into the building unescorted by Federal troops.

An Army spokesman said the paratroopers had completed rotation trips back to Fort Campbell, Ky., to pick up and return with their winter gear. He said they had no idea when the paratroopers might be dismissed from their Little Rock assignment.

Meanwhile, one minor incident marred an otherwise quiet start of a new week. One of the Negro girls, Melba Pattillo, was jostled by a white boy and nearly dropped her books. However, she held them, glared at the boy and went into the building.

Mrs. Sarah Ashby, 73, Succumbs at Her Home Here

Mrs. Sarah Lula Ashby, aged 73, died at her home in Hope Saturday night after a lengthy illness. Survivors include her husband, J. Warren Ashby, one son, Herby C. Ashby of Texarkana, two grandsons, Mike and Jimmie, one granddaughter Rebecca and one great grandson David, all of Texarkana.

Other survivors include six nephews, Vernon Woodall of Camden, Arthur and Rufus Mouser of Blevins and Dale, Charles and Donald Parker.

She was a member of the Presbyterian Church and had lived in Hope for 33 years. Funeral services were held in the Herndon-Cornelius Chapel this afternoon at 2:30 with Dr. L. T. Lawrence officiating. Burial was in Macedonia Cemetery near Blevins.

House Guffed by Fire on Bell St.

Last night firemen put out a blaze at a Negro home on Bell Street but not before the inside of the house was pretty well gutted. Frank C. Clark lived in the house but was not at home at the time. Firemen were unable to determine the cause of the fire.

Buick to Show New Models on Tuesday

PLINT, Mich. — Buick today presented its 1958 line of cars, with which General Manager Edward W. Hagadone hopes to capture a greater percentage of industry sales next year.

The 1958 models, with dynamic new styling, feature the new three-rod ride, a revolutionary New Dynaflo transmission, improved brakes with thicker linings and a host of other engineering changes.

The new cars will go on display in dealer showrooms Tuesday, October 29, the first of General Motors' Golden Anniversary models to be shown to the public at the Dale Keely Buick Co. here.

"The new Buicks come in five series, topped by the new Limited, a distinctively styled luxury model which is Buick's new entry in the prestige car market."

"This is the beginning of a new era for Buick," Hagadone said. "Our new styling, which features the most dazzling grille design in the history of Buick, is a complete departure from the industry's traditional front-end design."

"With the new air-poise suspension, which literally floats the car on four solidifying air, the new flight pitch Dynaflo transmission, which provides a spectacular increase in performance, and the new air-cooled aluminum brakes, Buick attains a new high in automotive engineering."

All models are equipped with dual headlights, on each front fender.

You're face to face with the B-58 BUICK

It looks and feels like flight on wheels

IT RUNS on gasoline and rolls on wheels. But beyond that, all similarity between this 1958 Buick and any other car you've ever known comes to a decisive end.

This B-58 Buick is literally born of aviation principles — starting with a greater use of aluminum than ever before, and going on from there.

With this stunning automobile you're in the forefront of styling's freshest advance.

With it you boss the B-12000 engine — command through a transmission that's the big talk of the automotive world — feel a

modern miracle in buoyancy of ride, plus the never-before wonders of Buick Air-Poise Suspension.*

With it you can drive with more magnificent advances in automobile design and engineering than history shows in any single year.

This B-58 Buick is ready now in look and line and lift and life to thrill you to a tingle. Go see — now on display at your Buick dealer's.

*Air-Poise Suspension optional at extra cost on all Series. Flight Pitch Dynaflo standard on Limited and Roadmaster 75, optional at extra cost on other Series. Aluminum Brakes standard on all Series except Special.

Aggie, Porker Game Highlight of Conference

By HAROLD V. KATLIFE
The Associated Press

Up in the Ozarks Saturday Texas A&M will play Arkansas in what could be the make or break game in the drive toward a second straight Southwest Conference football championship.

The danger signs have been flying all season preparatory to the trip of the undefeated, untied but considerably worried Aggies into the home of the Razorbacks. Two weeks ago this game was pointed to as the championship struggle. Then Texas came from almost nowhere to beat Arkansas 17-0.

That apparently settled things and Arkansas wasn't a major threat anymore. But last week the Razorbacks showed the rebounding tendency of a rubber ball as they knocked down fearsome Mississippi 12-6, and the Aggies started holding their heads once more.

This game headlines the conference schedule for the week, although Texas, which showed it wasn't just one of those things that victory over Arkansas — by beating Rice 24-7, takes on Southern Methodist at Dallas in its probable meeker or braver test. Texas is tied with A&M for the conference lead.

SMU, with a week's rest from the conference wars, will be shooting the works in a last desperate effort to stay in the championship race.

Baylor, which took a 1-0 licking from A&M last week to drop virtually out of the running, and Texas Christian, which is in the same boat, get together at Waco to play for the bobby prize.

Rice, dispirited over its loss to Texas, plays an interconference game. It's the only night affair as Anderson of Baylor is second with 12 to 13.

Of special note is the performance of Texas A&M placekickers. Three players have tried for the points after touchdown and each has a perfect record — Bobby Conway 6 out of 6, Charley Milstead, the same and Loyd Taylor 5 out of 5.

Rice fell below the 400-yard mark in offense per game but still is fast ahead. The Owls have averaged 298.6 yards. The defensive leader is Texas Christian, which has allowed only 133.3 per contest.

Doyle Taylor, Baylor quarter-back, still leads in number of completions with 26.

Dave Sheron of Southern Methodist was idle last week but retained his lead in punting with an average of 5 yards on 15 kicks.

Buddy Dial of Rice, who was setting a blistering pace in pass-receiving, caught only one throw and that for 15 yards against Texas. But he still is the leader with 14 receptions for 396 yards. Bill

the Owls clash with Clemson at Houston.

The league already has one of the tightest intersectional records extant but would not be averse to adding Clemson to its string. Thus far the conference teams have won 14, lost 5 and tied 2. There are only two intersectional tests left — Clemson and SMU against Notre Dame Dec. 7.

When Arkansas felled Mississippi and Texas Christian strangled Marquette 26-7 Saturday it gave the conference its best intersectional records of all time.

Arkansas could climb right back into the thick of the championship race by downing Texas A&M. It also could halt an Aggie sitting at 12 straight triumphs. But should Arkansas whip A&M and Texas beat Southern Methodist then Texas would be the undisputed leader.

Economical 1958 Rambler Introduced

Compactness and economy keynote the new Rambler line for 1958. Designed to take advantage of the trend toward cars which are economical to operate and easier to park and handle, the new Ramblers also maintain traditional American styling and interior roominess. This Rambler four-door hardtop illustrates the sweeping styling changes made for 1958. The new models will go on sale at Rambler, Nash and Hudson dealerships on October 22. Horsepower ranges from 137 to 215.

Of The Associated Press

On the face of it a team like Colorado should be looking forward to its game with Missouri this Saturday with no particular concern.

The Buffaloes already have showed they are made of the sternest stuff by barely losing to mighty Oklahoma, 14-13. Missouri, on the other hand has four victories, a loss and a tie on its record.

But there is a peculiar history

connected to this Big Eight rivalry. In the past 16 years, Colorado probably the only team that does not roll over and play dead when Oklahoma shows up — has beaten Missouri just once. That was a 34-13 decision in 1951.

Whatever happens, though, if any team ever was entitled to break the Oklahoma winning streak (if that day ever comes), it is Colorado. Over the years, Colorado has given Sooner coach Bud Wilkinson legitimate cause to see figures in the shadows.

Look at the record for the past four years: The Sooners got by, 27-20, in 1953; in 1954 it was 13-6; in 1955 it was 56-21 and last year it was 27-19. That last one was the only real ball game on the Sooners' '57 schedule.

The '57 edition was the closest yet with the Sooners coming from behind in the last quarter to chalk up their 8th straight victory by the margin of point-after-touch-

down.

But Oklahoma, ranked No. 1 in The Associated Press poll, has weaknesses. The Sooners should not have any trouble with Kansas State this week or Missouri the following week, but Nov. 16, they run into tough Notre Dame.

The Sooners are eligible for the Orange Bowl since Colorado represented the league there last Jan. 1.

POLO GROUNDS IN NEW ROLE

NEW YORK (UP) — City construction coordinator Robert Moses predicted Thursday that the Polo Grounds, the former home of the former New York Giants, will become a site for a Harlem housing project. Moses said "there was some possibility of negotiating an agreement to get possession" before the present baseball lease expires in 1962.
